HARTFORD, OHIO COUNTY, KENTUCKY, FRIDAY, JULY 7, 1922.

NUMBER 2

U. S. NOT TO PERMIT ANY INTERFERENCE

Strikers Oust Nonunion Men At Slater, Mo.; Seize Shops.

Washington, July 5.—Interference with the movement of the United States mails by striking railway workers in different parts of the country was reported today to the office of the superintendent of Railway Mail Service. The reports came from Marshall, Texas; St. Louis, Mo.; Chaffee, Mo., and Kansas City, Mo.

Officials of the Texas & Pacific lines at Marshall reported that their trains and trains on other roads in the same territory were being materially delayed as a result of interference by strikers and their friends, who, it was alleged, were tampering with air appliances and otherwise preventing proper movement of trains.

Officials of the St. Louis San Francisco Railway Company at St. Louis, Mo., notified Washington that protection was needed for the preservation and operation of trains used in handling mail matter. They requested that some action be taken by the Government at once. Serious trouble was reported from Chaffee, Mo.

The Kansas City Southern Railway Company reported from Kansas City, Mo., that the strike situation was growing more serious and that at Quincy strikers had warned officials in charge of mail trains not to attempt to transfer mail matter during the night.

The Postoffice Department. It was said, would dispatch inspectors to all points where trouble might arise in the transmission of the mails. The inspectors will be required to make reports at once to the superintendent of railway mail service here, who, if he deems it advisable, will place the Justice.

There is a disposition on the part of the Administration. It was understood, to deal with strikers or any other who may interfere with the proper dispatch of the mails in the most vigorous manner. Under no circumstances, it was said, will the Government tolerate any hindrance to the movement of the mails.

Shop Workers Driven Away.
Slater, Mo., July 5.—Striking shopmen here have seized the Chicago & Alton Railroad shops, driven out nonunion men brought in to work in the shops and are holding the shops this afternoon.

Eighteen men were driven from the shops today. Yesterday, twenty-five were driven out. Union officials said the nonunion men were placed on trains and sent from the town. Other reports related that the nonunion men were merely taken from the shops and that they left town voluntarily.

Sheriff John Logsdon is on his way here from Marshall, Mo., the county seat.

Alton officials said that three guards employed by the railroad at the shops had been arrested by local authorities and placed in jail and that their property was without protection of any sort.

No Violence, Road Informers

Chicago, July 5.—Chicago & Alton officials today said their reports from Slater, Mo., were that all the nonunion men who had left the shops there left peacefully and that there was no violence. About forty men were employed to take the places of the strikers. These men were persuaded to leave the shop, but went away peacefully, reports to Chicago said.

Shots Fired In Clash.

New Orleans, La., July 5.—The first serious disturbance in connection with the strike of the railway shopmen was reported from the Algiers shop of the Southern Pacific road late today. Several pistol shots were exchanged by three special officers and five strike sympathizers. None of the shots took effect. A large force of policemen was rushed to the scene.

MEDLOCK WINNER OF OWENSBORO EVENT

Owensboro, July 4.—More than 8,000 people saw Virgil H. Medlock of Salem, Ind., win the fifty mile automobile race at the Owensboro Fair

Grounds here this afternoon. Clyde Shaddon of Louisville finished second and Lum Mullican of Owensboro third. Omer Blanford, of Owensboro was leading the race on the twentieth lap when he crashed thru the fence due to the breaking of the steering gear of his car. He was not injured. J. C. Hood, Louisville, was forced out of the race early on account of engine trouble. Wallace Krumpholtz, New Albany, Ind., and Harry Milton, of Owensboro, suffered accidents and were forced to retire. Neither was injured. The car owned by C. E. Peffer, of Louisville, was damaged en route to Owensboro and did not start in the race.

ENDOWMENT OVER TOP FOR UNION COLLEGE

Barbourville Ky., July 5.—The campaign for \$250,000 endowment fund for Union College was overtopped \$100,000 and assures the institution an addition \$750,000 from the General Board of the Methodist Church, offered conditional upon the success of the drive in the State.

Other endowments will increase the resources of the college to \$1,500,000 and enable it to take place as one of the largest schools in Kentucky. It was established forty-two years ago.

This city raised \$100,000. One of Monday was \$20,000 from Proctor & Gamble of Cincinnati.

\$400,000 WORTH OF SECURITIES FOUND

Silver Lake, N. Y., July 4.—Detectives dug up \$400,000 in stolen securities under a tree near here today.

Part of the loot was stolen in a \$2,000,000 mail truck robbery in New York last October. More was stolen in postoffice and mail robberies in various parts of the United States during the past year.

The securities dug up today were in addition to \$100,000 recovered from the apartment of Edward Bryce.

Three men are under arrest, and the police believe they figured in most of the postloft hold-ups. They are Dutch Anderson, who says his name is Charles P. Heins; Edward Bryce and Charles Lambert.

G. T. McCarthy, of the American Railway Express office in Buffalo, trailed them back and forth across the continent until three weeks ago. Then he made their acquaintance and gained their confidence. They began planning a hold-up job together.

The men told McCarthy, the police say, of some of the robberies they had committed. Finally, McCarthy told them he had a standing market for stolen securities, and they offered to turn some over to him.

Sunday, they produced \$24,000 worth. McCarthy was unable to get this amount of money, and believed the men's suspicions were aroused. He called two other detectives, and the three were arrested. Their apartments were searched, and \$100,000 were found in Bryce's trunk. McCarthy had learned of the hiding place under the tree here.

MT. EVEREST CLIMB CALLED TOO HASTY

London, July 4.—The Daily Mail correspondent in Bombay writes that a controversy is under way there regarding the recent unsuccessful attempt to scale Mount Everest, which it is widely believed, failed through overhaste.

While the members of the climbing party declared the early monsoon prevented success, native bearers say the monsoon does not reach the higher Himalayas, and that the rains which the climbers believed to be the monsoon were merely a passing storm.

They assert that if the expedition had waited at a height of about 20,000 feet it would have found several calm, sunshiny days on which the summit could have been reached.

BLUEBEARD HANGS HIMSELF IN CELL

Berlin, July 5.—Germany's notorious Bluebeard, Karl Grossmann, committed suicide this morning by hanging a half hour before he was to be taken to the criminal court, where he was undergoing trial for murder. He had admitted his guilt in the case of four women, but was suspected of murdering twenty, who either mysteriously disappeared or were found horribly mutilated.

CIRCUIT COURT IN MID-SUMMER GRIND

Grand Jury Returns 20 Indictments; Court To Sit Full Term.

The Ohio Circuit Court is rounding out its first week with considerable business disposed of. Up to noon yesterday the grand jury had returned 20 indictments classified as follows: Illegal sale of liquor, 6; Drunkenness, 2; Fornication, 4; Adultery, 3; Murder, 1; Breach of the Peace, 1; Unlawful possession of still, 1; Manufacturing liquor, 1; Carrying concealed deadly weapon, 1. C. J. Christian vs. A. S. Monroe et al.; N. P. Dennis vs. W. P. Maddox; Louisville Grocery Co. vs. Enslay Raymer et al.; Gunther Hardware Co. vs. J. M. Hoyer; Same vs. C. W. Hoover; R. C. Davis vs. M. B. Barnard; Louanna Rowan et al. vs. Beaver Dam Coal Co.; Robert Burden vs. Ohio County Mutual Tele. Co.; A. M. Fox vs. L. & N. R. Co., all continued.

Brenard Mfg. Co. vs. Ohio County Drug Co. judgment for \$100. The defendant filed motion for a new trial, pending; Roxy Craig vs. Jesse Craig, judgment for divorce; Comth. of Ky. vs. Clarence White, action redocketed, judgment heretofore entered set aside and dismissed; Lettie Duncan vs. Thos. Duncan, dismissed on Plaintiff's motion; G. A. Ralph vs. Ames Body Corporation, continued; W. C. Richards vs. S. A. Jones dismissed; J. W. Foster vs. H. E. Milligan & Co. continued; Walter Campbell vs. C. P. Turner et al., judgment for \$1,162.80; M. M. Smith et al. vs. Joyce-Watkins Co., on trial at press hour. Other Comth. cases of minor importance had been disposed.

The Court will probably sit during the greater portion of the coming week, in order to dispose of litigation on the docket.

OHIO COUNTY PENSION BOARD REORGANIZED

The Ohio County Pension Board of Examination Surveys composed of Dr. E. B. Pendleton and Dr. J. A. Duff who was appointed some time ago in rooms of Dr. Ross Bennett, deceased, and Dr. Oscar Allen recently appointed to succeed Dr. P. T. Willis, met Wednesday in the office of Dr. Pendleton, Hartford and organized by electing Dr. Duff president, Dr. Pendleton secretary and Dr. Allen treasurer.

W. H. Nelson and A. I. Nall were before the Board for examination.

REGISTRATION ACT UNCONSTITUTIONAL

The act passed by the late Legislature requiring all voters to register in order to exercise the rights of suffrage in future elections was voided and held for naught by a decision of the Appellate Court, rendered late in Thursday of last week.

For the Court's opinion see page 2, this issue.

ODD FELLOWS WILL GIVE ENTERTAINMENT

On Tuesday night, July 11, the Girls' Orchestra of the Orphans' home will render a splendid program at the Centertown Baptist church. One of the best speakers in the State will be present and tell us something of Odd Fellowship and what it is doing for the orphans of Kentucky and elsewhere.

Everybody come! Be entertained, and learn something of what we are doing.

ALVIN ROSS, Secretary Magnolia Lodge, No. 181.

MORE RESTRICTIONS FOR IMMIGRATION

Bill Proposes Reduction of Quota From 3 To 2 Per Cent.

Washington, July 6.—The flood-gates of immigration were raised July 1st, when a new fiscal year began and foreign countries became possessed of a new quota of 3 per cent of their nationals already in America. During the fiscal year just closed something over a third of a million immigrants came to these shores; without the quota law more than a million would have landed here.

There are many who think the law is too liberal, and 300,000 foreigners admitted to this country without more restrictions as to education and citizenship plans, too many. Among them is Chairman Johnson of the House Immigration Committee. He has introduced a bill in which admission for permanent residence in this country would be granted only to aliens eligible for citizenship, thus shutting the gates to Japanese, Chinese, Mongolians and others not granted the right of citizenship.

The bill would reduce on July 1, 1923 the quota percentage from each country from 3 to 2 per cent based on 1910 census figures. In addition to the 2 per cent quota, each country, however, would be given a flat allowance of 600 the maximum total from this 600 flow being estimated at 24,000.

This reduction would cut the total quota admissions to 170,000 yearly.

Not more than 10 per cent of any country's quota would be admitted into the United States in one month.

BASEBALL BRIEFS AND MIXED TIPS

The Riversiders took the Owensboro or Davless County Farm Bureau lads into camp at Riverside park Saturday afternoon in one of the finest games played on the local diamond this season. Russell Pirtle, who was home from Detroit on a visit, flung the firsts 5 stanzas and had all of the stuff exhibited by the "Big Six". The first fourteen Bureau boys did not have a chance to see first with a field telescope. But, "Lefty," who had not pitched a game or had any practice this season, weakened in that inning and walked the fifteenth and the sixteenth man caught the horsehide fairly on the end of his bludgeon, sending it over and back of the left fielder's head driving in the man walked.

Stevens relieved Pirtle in the sixth and held the Davless County boys the balance of the way, serving them up to the fans' taste. Glenn did the back-stopping for Hartford and Jeema certainly caught a peach of a game, we never lamped the "Old" scout in better form.

The score was 6 to 2 in the Riversiders' favor.

A whale of a good game was also staged Sunday afternoon, Logansport being the visitors and the losers by 6 to 3. The Butler County athletes were late in arriving, delaying the start of the fracas until slightly after 4 o'clock and the diamond was a bit heavy, the grass on the outfield wet and a consequent slowing-up of the game resulted. The chief feature of this game was Monroe's four-base clout over the River bank in right field. The battery for Hartford was, Houser, a stove salesman, who happened to be sojourning in town at that time and who lasted only two innings, and Monroe and Phelps. For Logansport, Barnes and Hammers, and the work of each was well done.

Monroe and Phelps backed-up as they were proved too good a combination for the Port of Logan, altho a good game was played by a fine bunch of boys.

Hartford lost a hard struggle to the Central City team on Independence day, on the latter's diamond. The score stood 6 to 1 in favor of Hartford at the end of the sixth inning, but by mischance of apparent easy avoidance, when the final smoke screen ascended the tallies stood 9 to 8 in favor of The C. C. aggregation.

Stevens and Glenn did the heavy work for the Riversiders while Tuttle and Bibb performed like rolls for the Muhlenburg boys. Stevens heaved a nice game for Hartford and deserved an easy victory, while Glenn caught an excellent game. They say

he killed them dead in attempted thefts.

...
The Central City game was to have been staged at Riverside Park but was transferred to Central City, due to the big celebration at that place on that date, which prevented the C. C. team from coming.

...
Hartford goes to Island for a game Saturday and will have the Falls of Rough nine on the home lot Sunday afternoon at 2 p. m., sharp. J. Owens will twirl the Island game and W. Tinsley will work in the Sunday affair, Glenn doing the backstopping.

...
Glenn was slightly hurt in a head-on collision in last Saturday's game and laid off Sunday.

...
The McHenry Majestics walloped the 1. C. team of Louisville on the 4th, at Beaver Dam, to the tune of 12 to 2. The game was one-sided from start to finish, the Majestics had the Louisville outfit outclassed a block. Parrott and Phelps were at the pivots for McHenry.

...
On account of wet grounds the Morgantown-Beaver Dam Sunday game had to be canceled.

CLEO WESTERFIELD HURT IN COLLISION

Cleo Westerfield who was playing the third bag for Hartford in Saturday's game, was painfully injured in going for a foul fly between third and home, when he ran into a fan squatting on the ground where no one should be allowed to remain during games. Quite a bunch were in that immediate territory and young Westerfield, in keeping his eyes on the ball, ran headlong into the fellow on the ground and was thrown, while Glenn, the catcher, fell on Westerfield as he hit the dirt. The crowd prevented each of the players from seeing the other. Westerfield's ankle was badly strained, which will keep him laid up for some time, even if he does well.

It is a shame to have anyone injured in such a manner, altogether unnecessary and avoidable as would have been in this case had the spectators been made to remain where they ought to have been. But in this instance it is especially regrettable, as the injured young man is a fine ball player, doing good work from the pitcher's box and at any point upon the inner works and the nicest kind of an outfielder. In addition to that he is a splendid fellow, quiet, hard working and when in a ball game he never quits. He is there with his very best effort in every minute of the game. No player comes to the Hartford diamond who is better liked than "Skooter" Westerfield.

BARNETT'S CREEK

The Ice Cream Supper given by the W. O. W. Circle, at Buford last Saturday night, was largely attended.

Mrs. Katie Chapman and little son, Jesse, spent a few days this week, the guests of Mr. and Mrs. Lee Whitaker.

The condition of Mr. Lou Hoover is no better.

Miss Ruby Gladys Hoover, who has been visiting her grandparents, and other relatives in this neighborhood for the past several days, has returned to her home in Whitesville. She was accompanied by Mrs. Katie Chapman and little son, Mr. Alva Chapman, Miss Beulah Whitaker, and little brother Elmer.

Messrs. James Fleiden and William Morgan were in Hartford Tuesday.

Miss Verona Chapman is able to be out again after a few days illness.

Mrs. Jesse Whitaker who has been ill for some time, is no better.

Mr. Orway Rhoads lost a fine cow last week.

Mr. and Mrs. Alton Yates spent Monday night with the family of Lou Hoover.

Mrs. Med Chapman is in Owensboro this week, under treatment of a doctor.

Rev. and Mrs. T. B. Baady, and daughter, Miss Anna Lee, of Lebanon Junction, Ky., spent last week in this city, the guests of Mr. and Mrs. C. B. Carden, and Mr. and Mrs. John Carden. They also spent from Saturday until Wednesday in Fordsville, visiting friends. They were accompanied home by Miss Sallye Emma Carden, who will make an extended stay with them.

DE VALERA HELD DUBLIN REPORT

Countess Markievicz Said To Have Been Taken; Battles Go On

Dublin, July 4.—The rumor is flying thruout the city that Eamonn de Valera has been captured as a result of the attack of the nationals against the Gresham Hotel where he was supposed to be in command of the Irregulars.

It is impossible to get absolute confirmation, but the report is credited here.

London, July 4.—A Dublin dispatch to the Times says: "Tonight the remnant of the irregular strong-hold in upper Sackville street is being bombarded with heavy guns."

The Dublin correspondent of the Press Association, telegraphing early in the morning, says that the national forces are making steady progress. The battle in O'Connell street continued with varying intensity thruout the day, the firing being much heavier than yesterday.

In the afternoon the postoffice was captured by a bombing party, twenty irregulars being taken.

The correspondent says it is rumored that De Valera has left Hammam's Hotel.

Fifteen irregulars are believed to have surrendered at this hotel and it is reported that Countess Markievicz was captured while sniping.

During the day, continues the correspondent, there have been fierce duels between national troops lying in the road behind light barricades and snipers from windows and roofs. There are several indications of the diminished strength of the irregular forces and that they will no longer attempt to fight all their positions simultaneously. The deserted appearance of the Gresham suggested that the hotel had been evacuated, and it was believed that Free State troops once entered the hotel, but did not remain, suspecting that the place had been mined, and later Republicans were again seen firing from the windows.

The irregulars concentrate their attention especially on the threatened points, moving about in underground tunnels. A large number of irregulars are known to have left the O'Connell area, either tired by the struggle or under orders from their leaders. Crowds in the city watched the fighting. In one case national snipers were firing over the heads of the spectators at Hammam's Hotel.

The evacuation of Barry's Hotel, near Parnell Square, was a surprise; it was quietly deserted Sunday or Monday by a hundred irregulars, with about thirty women acting as cooks and typists. It appears they lacked arms sufficient to resist a big attack and, therefore, slipped away in two and threes thru a breach into an adjoining building.

HERBERT

Mr. and Mrs. Frank Griffin and daughter, Miss Zulu, Mr. and Mrs. R. M. Palmer and children, Mr. and Mrs. Eugene Griffin, of Owensboro, were the guests of Mr. and Mrs. S. V. Flowers Sunday.

Mr. and Mrs. Maxwell Chambers, of Owensboro, were the guests of the former's mother, Mrs. Nora Chambers, Sunday.

Mr. Taylor Skinner, who has been attending school at Bowling Green, has returned home.

Miss Ruth Husk of Philpot, was the guest of Miss Eula Barker Sunday.

Mr. and Mrs. Myrtle Floyd and baby spent Sunday with Mr. and Mrs. Henry Milligan.

Miller Taylor and Norris Neel went to Philpot to an ice cream supper Saturday night.

Born to Mr. and Mrs. Wilber Rearden, Monday, July 3, a girl.

Mr. and Mrs. J. N. Mercer of Dallas, Texas, are guests of relatives in this neighborhood.

Mrs. W. T. Griffith and little son, of Big Springs, are visiting Mr. and Mrs. Wilbur Rearden.

Mr. and Mrs. Adam Richmond and children spent July 4th, in Owensboro.

Mr. Grant Midkiff lost a fine horse Monday.

REGISTRATION ACT VOID, COURT RULES

Law Unreasonable In Its Effect; Only One Dis-senting.

Frankfort, Ky., June 30.—On the universal principle that provisions at registration must not deny or abridge the constitutional rights of suffrage or unnecessarily impede the right of any citizen, Chief Justice Rufin H. Hurt of the Kentucky Court of Appeals Thursday afternoon handed down an opinion holding unconstitutional the general registration act of 1922, requiring all voters to register in every precinct in the State the second Monday and Tuesday of July. The court in reaching this conclusion granted an injunction to J. M. Perkins, prominent local Republican, restraining the Franklin County Board of Election Commissioners from holding the registration.

Judge Williams Rogers Clay, from the district, was the only Appellate Judge to differ with Chief Justice Hurt regarding the suit which was backed strongly by the Republican State organization. In a dissenting opinion filed, Judge Clay contended that "it is just as important to safeguard the purity of the ballot as it is to protect the citizen in the right to vote, and a law which will accomplish that purpose should not be lightly set aside."

Judge Hurt's opinion specifically held the law unconstitutional because it does not provide for a special registration outside cities for special elections or for a special registration of public officers, mill-liners, jurors or others, whose duties prevent them from registering on the regular registration day.

The general registration act was passed by the General Assembly as a party measure. Vetted by Governor Morrow, it was passed again. Chief Justice Hurt disposed of all questions, except those involving the right of suffrage, in favor of the measure. The presiding officers of the two houses signed the bill when it was first passed, but did not sign it after the veto. Judge Hurt said the constitution does not require special registrations, applying as it does, he held, to special as well as general elections.

Judge Hurt held that five classes might be disfranchised by the act, excepting in cities.

Litigation may follow the court action, on the payment of \$50,000 for the registration books sent to the County Clerks. An equal number of these books of which there were 15,000, were bound by the Standard Printing Company, Bradley-Gilbert Company and C. T. Dearing Company, Louisville. Work was done under supervision of the Board of Registration Commissioners. Counties were required to pay for their own books, but it is believed that payment may be resisted.

Judge Clay dissents. Judge Clay, dissenting, said: "We are commanded by a rule of one hundred years' standing to resolve every doubt in favor of the constitutionality of every act of the Legislature, and not to declare any act invalid unless plainly violative of the Constitution. One's right to vote is of little value if his vote may be offset by an illegal vote. Therefore, it is just as important to safeguard the purity of the ballot as it is to protect the citizen in the right to vote and a law which will accomplish that purpose should not be lightly set aside."

"The act in question does not provide for a registration that will be effective only for a short time, but provides for a general registration that will be effective for all time, to be followed by annual registrations of all qualified voters not heretofore registered. For the first year the act fixes the first registration day, and for subsequent years only one registration day. It is conceded that three days afford the entire electorate, consisting of about 1,000,000 voters a reasonable opportunity for registering. Because of the efforts which will be made to get the voters to the polls, it is certain that practically all the voters will be registered the first year, and that in subsequent years when only one registration day is provided, not over 10 per cent or about 100,000 voters will be entitled to register."

"Notwithstanding the fact that many thousands of voters will be absent on the day of the election because of sickness or other causes, the framers of our Constitution provided only one day for holding elections. If one day affords a reasonable opportunity for all the voters to vote, and three days are sufficient to enable a million voters to register, upon what theory can it be said that one day is not sufficient to enable one-tenth, or even one-third of the

111

cigarettes

10¢
They are GOOD!

voters to register?

But it is said that some voters who are otherwise qualified will be deprived of the right to vote in special elections occurring before the next registration.

What then the result? There will be no more local option elections, and as the great majority of the counties and municipalities of the State have already reached the debt limit, it is not probable that there will be very many bond issue elections. As some of these elections will take place at the general election, it will only be at rare intervals that any bond issue election will be held on some other day, and the number of voters who will be denied the right to participate therein will be infinitesimally small. A registration act that does not afford ample time for purging the registration before the election is not worthy of the name, and it is practically impossible to frame an act that will accomplish this purpose and at the same time not work a hardship in individual cases.

Therefore, it seems to me that a million voters should not be deprived of the benefit of a registration law, and the State denied the right to have pure elections, merely because an insignificant number of voters might not have the opportunity to vote at a special election. If per chance it should happen that such an election should be called. On the whole, I am of the opinion that the objections to the act are so technical and devoid of merit that they afford no reasonable basis for declaring the act unconstitutional."

Chief Justice's Opinion.

Chief Justice Hurt, in support of his ruling, said: "A registration statute must be such as to give the elector, who is qualified to vote at the election, whenever it may be, a reasonable opportunity to register. Otherwise he is denied his rights as a citizen and the election cannot be free and equal."

"If I could hold that the provisions of the act provided a reasonable opportunity to register, to vote at the November election and for such special elections as might be held between the second Monday in July and the November election, there are no provisions in the act, which would enable anyone, who had not heretofore registered, to vote in any special election which might be held between the November election and sixty days after the registration in July of each year. If a citizen removes from another State and becomes a citizen of this State and by reason of one year's residence in a county becomes entitled to vote just following the November election, he could not register until July, following, and hence would be deprived of the right to vote until sixty days following the registration in July and without fault upon his part. The person, becoming 21 years of age after the November election in any year, without fault or neglect on his part, could not vote at any election until sixty days after the second Monday in July. The registered voter who moves from the county of registration, into another county, at such a time as will not authorize him to vote at the follow-

ing November election, if he should, by reason of residence, become entitled to vote immediately after that election or previous to it, but less than sixty days previous to it, he could not register in the county to which he removes until the registration day of July, the next year, and registration upon that day would not qualify him to vote until sixty days thereafter, according to the terms of the act."

"These classes of citizens compose a considerable per cent of the legal voters in every precinct and they are deprived of the exercise of the right designated above, not by any fault, of suffrage at any special election as registered or misfortune, on their part, but because of the terms of the act in question."

"I cannot find any ground on which to hold that the act does not, in relation to the classes of voters mentioned and under the circumstances, not only abridge their right of suffrage but utterly destroys it. While Section 1495, Kentucky Statutes, may provide a registration for a special election for those who did not register in July in cities and towns of 5,000 persons and more the act in question makes no provision for the registration for any special election, except in the regular registration in July. Outside the areas, where the Constitution requires registration, there is no opportunity for the classes mentioned to register before any special election."

"After the year 1922 only one day is provided for the registration for such qualified voters for the November election, and the classes, who upon the day of registration are performing public duties by compulsion of law, as public officers, the nature of whose duties are such that they are unable to attend the registration; militiamen on duty, jurors and such not because of any fault of their own, but because the law required like, would be prevented from voting, then to be elsewhere, and the act in question has made no provision for their registration, and to such an extent seems to be an unreasonable registration. Manifestly a registration which prohibits one, who is required by law to be at a place, where he cannot register and thereby to be deprived of the right of suffrage for fourteen months thereafter, cannot be said to be a reasonable registration of the right of suffrage."

JUDGE SHOCKED BY SMOKING

At a luncheon of the Women's National Democratic Club in New York, Judge William Caffrey of the municipal court nearly choked when about 200 women began smoking cigarettes. The smoking habit is a thing to be denounced, he said, but he objects to men smoking as well as women. On the subject of women in politics, he said: "We aren't afraid of women's brains; it's their tongues." He warned that if the women politicians did not learn to be guided by reason and tolerance all the red-blooded men would be driven out of politics.

If you feel "blue," "No account," lazy, you need a good cleaning out. H-b-line is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 60c. Sold by Ohio County Drug Company.

FIRE HAZARDS OF THE RADIO

One of the fire dangers of the radio lies in the inclination of those interested to experiment with lightning circuits and other high voltage systems. Not long ago three children at Alken, S. C., were burned to death in a fire resulting from a short circuit in a radio transformed; and a New Jersey boy carelessly crossed the leads from his storage battery and started a fire that might have become serious if it had not been promptly detected. It is because of such dangers that the national electrical code requires that all wiring be installed in a "safe and sane" manner.

This generally approved code is revised at two-year intervals to keep up with the march of events. With the spreading popularity of the radio-phonograph, however, it was necessary to recently revise that part of the code which relates to wireless receiving and sending apparatus. The specifications were drawn up by the National Fire Protective Association, whose findings are viewed as standards of engineering practice, on the recommendations of the American Radio Relay League, American Telephone & Telegraph Co., Radio Corporation of America and the Independent Telephone Association. A copy of the changes in detail can be had on application to the National Board of Fire Underwriters, 76 William street, New York.

"That new show of mine is going to be a sure-fire hit," announced the producer gleefully. "I've got a swell idea for costuming the chorus." "Huh-huh!" grunted the critic. "That's about all most of 'em wear nowadays."—Legion Weekly.

Illinois Central System Dollar: Where It Comes From and Where It Goes

Railway statistics are confusing to many persons because they are expressed in terms of millions. In the tables presented herewith we have attempted to tell the story of the receipts and expenditures of the Illinois Central System in terms of the cents which make up a dollar. The railroad receives a dollar and spends it; these tables show how the Illinois Central System dollar was received and spent in 1921:

WHERE THE 1921 DOLLAR CAME FROM

	Cents
Transportation of freight (44,637,466 tons; average distance per ton 270.46 miles; average revenue per ton per mile 1.015 cents)	71.71
Transportation of passengers (37,027,889 passengers; average distance per passenger 25.25 mile; average revenue per passenger per mile 3.104 cents)	16.98
Transportation of mail	1.69
Transportation of express	1.53

This statement is made for the purpose of keeping our patrons informed about the Illinois Central System.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.

A MORNING PRAYER:—Create in me a new heart, O God; and renew a right spirit within me.—Psalm 51:10.

WHERE IS YOUR TREASURE?—Where your treasure is, there will your heart be also.—Matthew 6:21.

SAFETY WHILE ASLEEP:—I will both lay me down in peace, and sleep; for thou, Lord, only makest me dwell in safety.—Psalm 4:8.

THE GLAD AWAKENING:—As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness.—Psalm 17:15.

BE CHARITABLE:—Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted.—Gal. 6:1.

GUARD THE TONGUE:—Keep thy tongue from evil, and thy lips from speaking guile. Depart from evil, and do good; seek peace, and pursue it.—Psalm 34:13, 14.

ALL IS WELL:—Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.—John 14:1, 2.

RAISE SKUNKS FOR FUR

In Johnson county, Mo., 20 acres will be devoted exclusively to raising black skunks for the fur. The animals will run at large in 10 acres of the farm which will be surrounded with wire fencing highly charged with electricity to prevent thieving.

"What makes your mother order ice cream for the first course and soup for the last?"

"Well, her stomach is upset, so she eats the meal backwards."—Chicago Herald.

"DEAD" ASKS FOR DRINK

Mrs. Rebecca Senpz, of New York, suffered a stroke of paralysis and after physicians had pronounced her

dead she was prepared for burial, the coffin, Mrs. Senpz startled her ice was packed about her body and mourners by sitting up and asking for candles were lighted. An hour later, as neighbors were gathered about recover.

And Now—Profit in Farming Without the Drudgery

FORDSON power makes more productive seed beds. The tractor does its work so rapidly and does so much of the heavy work of farming, that farm drudgery is passing. Expenses are reduced. Better crops are grown.

In the bringing about of this new era, the Oliver No. 7 Plow has been the working partner of the Fordson. It is so light running and so scientifically designed that its work has made it a reputation enjoyed by no other tractor plow.

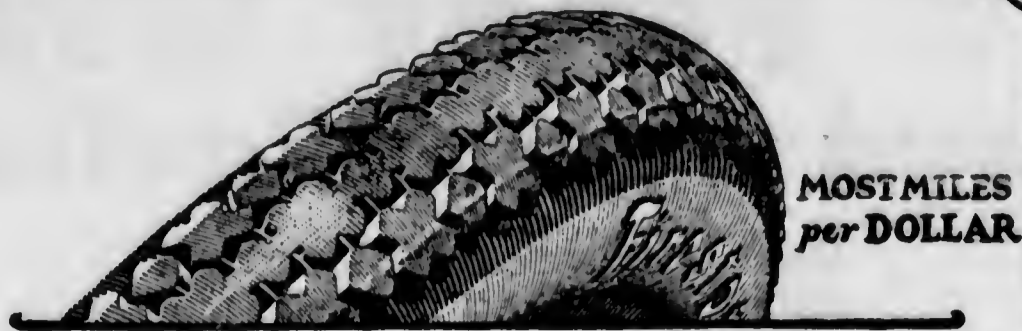

It is extremely easy to handle. Depth is adjusted by moving a lever that operates a jack. So easy is this done that most drivers do not stop or slow down to make a change in the plowing depth.

The power lift is tripped by simply touching a rod which is so conveniently placed that the driver need not turn his head to operate it. There is no side draft because the plow is in perfect alignment with the tractor.

To farm the Fordson way means so small an investment that it is within easy reach of every farmer. Come in and see the Oliver No. 7 gang and you, too, will decide to farm the Fordson way.

Firestone

GUM-DIPPED CORDS -and Their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone users say one is best.

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.

FABRIC	CORD	Regular Size	Extra Mile
30 x 3 1/2	100	\$12.75	\$13.50
30 x 4	100	\$13.50	\$14.25
30 x 4 1/2	100	\$14.25	\$15.00
30 x 5	100	\$15.00	\$15.75

LIMIT FOR FILING DISABILITY CLAIMS

Ex-Servicemen Must File Prior To
August 9 or Lose Rights.

Those who served in the World War and received disabilities will lose their rights to file claims with the Federal Government on August 9th, 1922, which is the last day of the extension granted under the Sweet bill. For that reason, the American Legion and Kentucky Disabled Ex-Servicemen's Board have arranged a campaign, commencing June 30th and ending July 11th, during which time every disabled ex-serviceman in Kentucky will be given an opportunity to file his claim. It is estimated that approximately forty per cent of the men in Kentucky who are entitled to compensation have not yet filed claims, and it is of the utmost importance that this information be brought to their attention.

Many men who are disabled less than ten per cent, and therefore, not entitled to compensation at the present time, have not filed claims, feeling that in case their disability should increase, they can then file a claim. In many instances, men who are only slightly disabled at this time will be totally disabled in years to come because of their service injury. If these men do not file their claims now they will have waived their rights, but if a man files his claim now and is rated less than ten per cent but later becomes disabled to a greater extent, he will have protected his rights and can be re-rated.

Brent G. Nunnally, of Louisville, is State Chairman for the American Legion CLEAN UP Campaign, and every post in Kentucky has appointed a local CLEAN UP chairman, so that every County can function one hundred per cent efficiently during the drive.

In order to perfect state-wide plans Kentucky Disabled Ex-Servicemen's Board, which was created by the 1922 Kentucky Legislature arranged a series of division conferences to one of which each post is sent one or more representatives.

Representatives of the U. S. Veterans' Bureau, the Government machinery, created to care for the World War disabled, sent officials to each of the conferences to explain the necessary form and procedure and evidence required so that the several representatives would be in position to properly assist their disabled comrades in preparing claims.

Jackson Morris is Chairman of Kentucky Disabled Ex-Servicemen's Board which was created by the 1922 Kentucky Legislature to assist Kentuckians disabled in the

World War to secure the compensation provided for them by the Federal Government. Emmet O'Neal, Commander of the American Legion, Mrs. Margaret L. Duncan, President of the American Legion Auxiliary and Henry J. Stiles are the other members of the Board.

Summer Complaint Quickly Relieved
"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

'VEIL DANCE' IN CHICAGO RESULTS IN ARREST OF 804

Chicago, July 1—Eight hundred men guests at the Emil Zola Club, where the entertainment included a veil dance by four young women, clad only in scant pieces of gauze, were arrested by police raiding parties early today.

Patrol wagons from five stations were used to transfer the prisoners to West Side stations, where they were booked for disorderly conduct.

E. Harry Cohen, host at the entertainment, was charged with violating a State statute, prohibiting indecent public performances. The four women, after discarding their veils for more substantial attire, were booked on similar charges.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. Herbine cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 60c. Sold by The Ohio County Drug Co.

MOTHER OF QUINTUPLETS

Five years after giving birth to triplets, Mrs. William Prestage, living near Monroe, La., presented her husband with five children, all in one consignment.

KING RECEIVES MARSHAL

Former Vice-President Marshall of the United States was received by King Victor Emmanuel at Rome along with a large group of Scottish Rite Masons who had been attending the congress of the Supreme Masonic lodges in Lausanne, Switzerland.

HOME-MADE COTTAGE CHEESE

The housewife can make cottage cheese with a few kitchen utensils, such as a kettle for the milk, a large spoon for stirring, a piece of cheesecloth for draining and a dairy thermometer. According to a method given by West Virginia university, warm the skim-milk to a temperature of 70 to 80 degrees F., for between these points the growth of lactic acid bacteria is best encouraged, and leave it undisturbed over night. The next morning it should be coagulated into a smooth, firm curd and is then ready to be heated slowly to a temperature of 90 to 100 degrees. Stir gently with a spoon during the heating process. The cheese curd is then ready to be transferred into the cheesecloth for draining. Catch the whey in a pan—it is excellent food for chickens.

While the cheese is draining, knead it occasionally to improve the texture. Do not let it become too dry. When all the free whey is drawn off it is ready to be salted. Use common table salt or butter salt, mixing thoroughly in the proportion of about one ounce of salt or five pounds of cheese or season to taste. The finished product is best kept in earthen crocks. The average person invariably makes the mistake of overheating. Do not go above the temperatures mentioned.

Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

WORLD'S BUSIEST CORNER

New York City spends \$32,000 annually to guard the crossing at 42nd and Fifth Ave., supposedly the busiest street crossing in the world. On an average about 30,000 people cross the street at this place every day. Fourteen policemen are required to see that pedestrians get across the street safely.

BAKERS GO ON STRIKE

The bread supply in Mexico City was curtailed by a strike of bakers. Several shops resumed operation with non-union workers under guard of the police reinforced by soldiers. The strikers held a public demonstration, marching through the streets carrying red flags.

"At last I've located one of those old-fashioned, five-cent cigars."
"Where'd you find it?"
"Hidden behind a 25-cent label."
—Legion Weekly.

POWER OF SIGHT IN ANIMALS

L. E. Eubanks.

The two familiar expressions, "An eagle's eye" and "Blind as a bat," just about sum up the average person's knowledge of the sense of sight in animals. The popular impression is that all large, dangerous animals of the jungle have powerful eyes; but, in fact, many are decidedly weak in sight.

The elephant has poor eyes, and relies on his other senses, mostly on smell, to compensate for this. Also the rhinoceros sees but a short distance, and depends on his sense of smell, even in charging an enemy. The buffalo has good eyes, but those of the bear are so poor that when a little confused he will run directly over the hunter he is trying to avoid. Bears' eyes are dramatically described as "red rimmed and savage," but bears, ordinarily, are not quarrelsome, and prefer to use their eyes in retreat.

The power of the eagle's eyes is proverbial but the hawk's are nearly as remarkable. All birds that are speedy travelers have fine sight—a provision of nature to prevent their coiffers, such as thrushes, warblers, vireos, etc., see well, as is proved by their going to any place they choose. The fact that they often fly against lighthouses and are killed is no proof that they do not see, but indicates that the light confuses them, and as they near it, blinds them to the house itself. You and I can see an automobile several yards away, even on a dark night, but if the headlights are on and extremely bright, we may see only the light as the machine bears down on us. Moths fly into a candle flame because of confusion; their sight is strong enough to avoid the collision, but when the flame blinds them to everything else, they become panic-stricken and dash straight for it. Even game birds sometimes act as though blind; a covey of partridges if flushed near the sea, will sometimes fly out and alight on the waves. They can swim but little and are generally drowned by this act, which ordinarily they would assiduously avoid. The gun's report excites them beyond self-control.

I think we would be safe in saying that, on an average, birds see one hundred times better than man. By watching each other's actions, birds will go a hundred miles to a carcass; and under favorable atmospheric conditions a bird can see a worm on freshly-ploughed ground at a distance of three hundred feet.

The bee, though the strength of its sight is not remarkable, has a wonderful ocular equipment—five eyes, a cluster of three on top of its head, and one on each side. Zoologists say that the compound eye on top is so made as to be specially adapted for detecting moving objects; and this seems reasonable, as the bee has many enemies that fly above it.—Our Dumb Animals.

Children Cry FOR FLETCHER'S CASTORIA TOWN OWNS PINE FOREST

In Europe many towns own timberland as a source of income and in Switzerland 67 per cent of the forests are held under communal ownership by towns. From the income of a pine forest containing about 250 acres the little town of Petersham, Mass., has entirely done away with pauperism within its jurisdiction. The American Forestry Association suggests an extension of forest ownership among American towns as a source of municipal income.

LORD SUCCEEDS DAWES AS DIRECTOR OF BUDGET

Washington July 1—Control of the Government's economy machine changed hands today when Brig. Gen. Lord took the place made vacant by the resignation of Brig. Gen. Dawes, the first director of the Budget Bureau.

General Dawes will return to the banking business in Chicago.

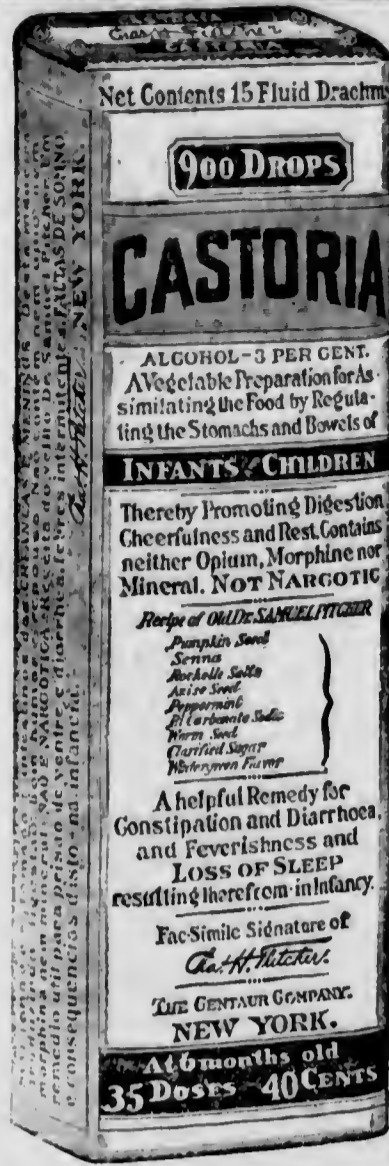

SLAVS MAY FORM LEAGUE

Russia has invited Estonia, Finland, Poland and Latvia to form a little league of nations of their own. Following the example set at Washington, the bolsheviks announce their intention of trying to reach a disarmament agreement with their neighbors. They say they are willing to include other countries.

"Yes, sir" said Mr. Gallagher, "it was funny enough to make a donkey laugh. I laughed till I cried."

TEMPLE OF SCIENCE

Washington will be the home of a temple of science which will cost \$1,300,000. It will be put up by the National Academy of Sciences and will be completed about 1924. The great lobby of the proposed building will feature an actual demonstration

Which Daily Paper?

A Question That Is Quickly and Readily Answered.

The Courier-Journal

Largest Morning Circulation
of Any Kentucky Newspaper

Enjoys a nation-wide prestige and reputation. It is essentially a newspaper, intent upon giving news matter first consideration.

Maintains its own news bureaus at Washington and Frankfort. Member of the Associated Press.

With important legislation coming before Congress and Kentucky General Assembly in 1922, The Courier-Journal is the daily newspaper you will need.

By special arrangements we are now able to offer

THE DAILY COURIER-JOURNAL

—AND—

THE REPUBLICAN

Both one year, by mail, for only \$5.75.

This offer applies to renewals as well as new subscriptions, but only to people living in Kentucky, Tennessee or Indiana. New subscriptions may, if desired, start at a latter date, and renewals will date from expiration of present ones.

If you prefer an evening newspaper, you may substitute The Louisville Times for The Courier-Journal.

Send or bring your orders to this office.

of phenomena of nature which the layman has hitherto had to accept on hearsay. A solenoid telescope mounted on the dome of the building will throw a large image of the sun on the white surface of a circular table in the rotunda. Here visitors will be able to see the sunspots changing in number and form from day to day and moving across the disk as the sun turns on his axis.

The latest discoveries in the mathematical, physical and biological sciences will be shown in an exhibit that will change with the progress of science. The celebrated experiment of Foucault will be repeated from the center of the roof. Its swings will mark an invariable direction in space, and the rotation of the earth and building beneath it will be plainly shown by the steady change in the direction of the pendulum's swing over a divided arc.

HOW CHINESE COOK

Coal is scarce in central and south China so straw is used for fuel. Semi-circular stoves of brick, mortar and

DENIES DEMOCRATS RUNNING TREASURY

That the treasury department is under the influence of Democratic employees as alleged in a memorandum circulated among members of congress was denied by Secretary Mellon, who declared that the department is governed by Republicans. It was claimed that 150 treasury employees were Democratic and that the officials of certain departments were under the influence of Joseph Tamm, formerly secretary to President Wilson. Commissioner Platt of the internal revenue says he will not remove the Democratic employees in his bureau.

Farmers Mutual..... 59

FRIDAY.....JULY 7

Given plenty of time and the Irish
may outdo the Mexicans. What they
are doing to each other appears to be
closely akin to the "Greasers'" meth-
od.

"Gene" Debs don't like the way the
Federal Prison at Atlanta, is manag-
ed or the system in vogue there.
There are quite a number of changes
he would make. We can see where
he may be right, if we were senten-
ced to be hanged we would have the
hangman knot the rope around our
hoofs instead of our necks.

The Appellate Court in its decision
rendered last week, holding the late
registration act unconstitutional ren-
dered a real service to the people of
Kentucky, in money saved and trouble
avoided of almost incalculable
value, although expense to the
amount of \$90,000 had already been
incurred, of which Ohio County will
be forced to pay its share.

Japan's ratification of the acts of
the recent Arms Conference and the
naval treaty promulgated in Wash-
ington, materially reduces the space
in yellow sheets on the "Yellow
Peril," in the present and near-fu-
ture issues. It seems that the Na-
tion so many thought of as blood-
thirsty and eager for war is as much
desirous for peace as the rest of us
are.

The Railroad workmen who walk-
ed out of their jobs likewise walked
out of public approval. We have yet
to see commendation of their course
noted in any newspaper or journal
coming to our hands. A call, the
late, was issued to the strikers' head
for a conference, and by him rebuff-
ed and unheeded. Where there was
an apparent ray of hope it ought to
have been followed to the last. The
act of refusal had a tendency to fur-
ther estrange public sentiment. When
the Labor Board, some time ago,
made an investigation and decided
upon an increase in wages for the
men who are now out on strike its
acts of course were "O. K." The
Railroads could not refuse to meet
the demands. The sentiment of the
country would have compelled their
compliance. But it is so different in
the present case, as the acts of the
self-same Board, after making another
investigation into conditions de-
clared that a reduction in wages was
equitable and necessary. But in this
latter case the decision is all wrong.
The sauce that was once good for
the goose is turned down cold by
the gander.

LEGION PARAGRAPHS

Plans are being made to entertain
more than 20,000 former members of
the Eightieth (Blue Ridge) Division
of the American Expeditionary Force
at the third annual reunion and con-
vention at Charleston, W. Va., Sept.,
2-4.—Charleston, W. Va.

The cause of stripes and wounds
on the back of Vornie Pierce, a shell-
shocked world war veteran of Evans-
ville, Indiana, is being investigated
by the American Legion to determine
whether these were inflicted while
Pierce was a patient in a hospital for
the insane.—Evansville, Ind.

The first thing Charles Ogle,
wounded world war veteran, who had
been in plaster cast in an Omaha,
Neb., hospital for many weeks, did
when the cast was removed was to
dictate a letter to the American Le-
gion Auxiliary, thanking the organi-
zation for the kind treatment of its
members during his confinement.—
Omaha, Neb.

Of the 7,088 postmasters appoint-

ed by President Harding since March
1921, 900 served in some branch of
the military service during the war,
according to an announcement of the
American Legion.—Washington, D.
C.

Any information concerning Gov-
ernment homesteads in Wyoming
will be furnished to members of the
American Legion free of charge by
J. W. Dilliance, Box 295, Gillette,
Wyo., an ex-soldier who has taken
a claim himself. Relinquishments
may be had from \$150 to \$400 and
time spent in service counts.

—Gillette, Wyo

A colored sergeant on his way up
to the front, met a dusky private
coming away from the same place
with much speed and éclat.

"Wh' yo' mean, boy, runnin' away
like dat fo'?" demanded the non-
com.

"Runnin' away? Who say runnin'
away?" demanded the buck, halting.
"Ah ain't runnin' away, nonnah.
But Ah done heard dem Gernmans
was shootin' dum-dum bullets an' Ah
was chasin' one fo' evidence."—Am-
erican Legion Weekly.

FRANCE WON'T RATIFY ARMS PACT THIS FALL

Paris, July 4.—The World cor-
respondent learned today on the
highest authority that the Washing-
ton Arms Conference Treaties will
not be ratified by the French Parlia-
ment at this session.

The breach is that commissions
have not completed their reports on
the questions involved, and as the
Chambers desire to adjourn for the
summer vacation earlier than usual,
in order to begin the autumn ses-
sion in October, when the budget
will be dealt with, there will be no
time for discussion of the treaties.

The World correspondent under-
stands that the Government intends
to ask for ratification of the treaties
early in the autumn session.

RESOLUTIONS

Whereas the Grand Ruler of the
Universe in his infinite wisdom has
called from labor here on earth to rest
on High, our beloved brother, John
H. Reynolds, who was born August
17, 1888, died June 9, 1922, there-
fore he it resolved in the death of
Brother Reynolds this local Union
has lost a faithful worker; the fam-
ily a loving father; the wife a devo-
ted husband and the community a use-
ful citizen.

Be it further resolved that this lo-
cal Union extend to the bereaved
widow and children its sincere and
heartfelt sympathy.

Be it further resolved that a copy
of these resolutions be sent to the
family, a copy be spread upon our
minute book and a copy be sent the
United Mine Workers Journal and
also a copy be sent each of the county
papers for publication.

—Williams Local Union No. 809 U.
M. W. of A.

JESSE H. TORRENCE,

A. P. HAMMONS,
Committee.

LOUISVILLE MARKETS

Cattle—A moderate number arriv-
ed for the middle of the week trade.
Demand was light in most directions
and little activity prevailed. Best
handweight butchers found a fair
outlet, with medium and common
sort slow and uneven. Undertone
about steady in the heavy steer divi-
sion. Narrow call for stockers and
feeders of all kinds, common kinds
being especially dull. Fair clearance
noted.

Quotations: Prime heavy steers
\$7.50 @ 8; heavy shipping steers \$7
@ 7.50; medium to good steers \$6 @
7; heifers \$5 @ 7.75; fat cows \$4.50 @
5.50; medium to good cows \$3 @ 4.50;
cutters \$2.25 @ 3; canners \$1.50 @
2.25; bulls \$3 @ 4.50; feeders \$5.50
@ 6.50; stockers \$3 @ 6.25; milk
cows \$2 @ 60.

Calves—Market steady. Best veals
\$7 down; medium and common
calves, \$2 @ 4. Best calves 200 lbs.
up, are not bringing top prices.

Hogs—Demand active, with prices
10c higher on all weights. Top hogs
120 pounds up, brought \$10.85; pigs
120 pounds down, \$9.50; throwouts,
\$8.35 down; stags \$6.75 down.

Sheep and Lambs—Demand brisk
and prices 50 @ 75c higher. Bulk of
the top lambs sold from \$13 to
\$13.75, according to weight and qual-
ity; general top \$13.50 down; sec-
onds, \$6 @ 7; according to quality.
One load of choice ewe and wether
lambs at \$14. The best fat light
sheep \$6 down; heavy sheep, \$3.50
@ 4; bucks \$2.50 @ 3.

Butter Eggs and Poultry.
Buying prices net to shipper, the
shipper paying freight and drayage
charges are:

Eggs—Candied 17 @ 18 cents doz.
Poultry—Hens 18c lb.; springers
1 1/2 to 2 lbs. and over 35c lb.; under
25c lb.; roosters 8c lb.; duck 11c lb.;
geese 8c lb.; turkeys, No. 1, 20c lb.;
guineas \$3.50 dozen.

Country Butter—Pound 18c.

WASHINGTON COMMENT

"Is this a private fight, or can
anyway get in?" asked Pat.
"Shure, it's anywan's fight!
Stan' by an' hit the first head ye
see!" answered Mike.

There are a lot of persons who
hover around waiting to hit the first
head they see. If it's a new head,
and they can make it really sore, they
are sure of a little advertising from
having hit it.

Let some one start an expedition
into Patagonia to find an "extinct"
animal and some S. P. C. A. person
objects. Let some one propose the
Amalgamated Society of Short-Hair-
ed Girls, or the League for Knee-
Length Dresses, and a reformer or
a barber will try to throw a monkey-
wrench into the machinery!

So it is only what is to be expect-
ed, when the papers begin to give ac-
counts of surgery which is new, that
some "legislators" (heaven save the
mark!) begin to propose laws which
will make it illegal to do "gland sur-
gery!"

It is only what is expected when
some educator who ought to know
better than to consider that his
knowledge qualifies him to speak on
the "morals" of a question which is
not a matter of morals but of medi-
cine, rushes into print to read into
the ten commandments a prohibition
of the use of a part of one man's
body to repair another man's or even
the use of an animal body to re-
pair a human frame! Skin grafting,
blood transfusion, bone transplanta-
tion, are they, too, as well as gland
transplanting, "wrong," oh learned
doctor?

If you want a head hit in this de-
lightful country of ours—which is
truly delightful because it has so
many kinds of people in it—all you
have to do is start something new.
You will find it no private fight;
anyone who wants a name in the
newspapers will use his inalienable
right of free speech to tell the world
what an atrocity you are to think
that doing something, which never
was done before can be anything else
but evil!

There is some agitation in this
land of ours regarding our histories.
The Knights of Columbus are busily
engaged in getting up a history,
which, presumably, will show this
country to the world as it appears
through Catholic eyes. There are
some few misguided organizations
which claim that certain histories in
use in schools "are not fair to the
south." They, in turn, write their
own histories, and some odd state-
ments meet the eye of the unbiased
student when he peruses them.

Some people have the idea, ap-
parently, that history is a study
which may be changed at will; that
it is possible by legislative enactment
to admit this or take away that fact
from a history!

History is the chronicle of that
which was. If a thing happened, it
happened. If it didn't happen, it
didn't happen. Saying that George
Washington was an Eskimo wouldn't
make him one; declaring that
pickett won or lost the battle of Get-
tysburg would neither add to nor de-
tract from his true historical posi-
tion.

What we need in this country is
not more histories, but better histo-
ries; not sectarian, biased, organiza-
tion histories, but histories compiled
by historians, which will tell the
truth, and the use of which shall be
mandatory in public schools benefi-
ting under federal aid.

What we need in this country is
the Towner-Sterling bill to be passed,
so we can have a Department of Edu-
cation, with a Secretary in the Presi-
dent's cabinet, and histories for our
schools, Catholic and Protestant,
southern and northern, eastern and
western, which teach the truth, only
the truth, and nothing but the truth!

ABILITY, NOT SEX, DECIDES

"The time is passed when one edu-
cation was given to boys and another
to girls," comments Miss Paula Lad-
dey, prominent lawyer in Newark, N.
J. "Men and women are standing
shoulder to shoulder together in the
business and professional world, and
they are building together more and
more, so now it is not a question of
man or woman but a question of
ability."

PLOWS OVER UNDER- GROUND CAVERN

Returning from dinner W. A.
Glazie, of Bland, Mo., found in the
field where he had been plowing, a
pit 150 feet in diameter. Thousands
of tons of earth are still tumbling
into the yawning funnel-shaped cavity
which is filled with water.

Grogan—I hate to mention it, Mrs.
Casey, but your husband owed me \$10
when he died.

Widow—Indeed! Sure it's nice
for you to have something to remem-
ber him by.

The World's Greatest Baking Powder

BEADS ODDLY STRUNG (By I. D. Claire.)

As between dodging automobiles,
bill collectors and prohibition en-
forcement officers life is just one
damn dodge after another.

The chief office of a boy seems to
be to ask embarrassing questions. Be-
ing in a philosophical mood the other
night, I undertook to impress on my
boy's mind the compensations of old
age; that it was a season of ripeness
and tranquillity, wholly unknown to
the inexperience of youth, when he
up and asked, "What was it the fox
said about the grapes?"

Perhaps it is not so much a mat-
ter of ripening piety as it is literary
interest that recently directed me to
a reading of the Hebrew scriptures,
many sections of which I find ab-
sorbingly interesting. Now, who has
not heard the expression, "Hang him
as high as Aman," and how many
have read the story from which it is
taken? Go read the first seven
chapters of Esther, and get it first
hand. It is one of the strangest and
most fascinating bits of tragedy in
all literature.

Yesterday was the Glorious Fourth,
and everybody here took a holiday
except the beggars and the bootleg-
gers.

"I am tired of it all!" remarked
Buddy McFeg to me the other day.
"I have lived too fast; exhausted the
povelties of life ere I saw its meri-
dian; let the sands run too quickly
thru my hourglass; I drank the milk
and ate the honey of the land until,
like Solomon, all appears vanity and
vexation of the spirit." I told Buddy
I guess he was in a condition the
boys call "burned out."

We are just now in the midst of
one of the biggest and most deter-
mined strikes in the history of the
country, and it is a strike that is go-
ing to win. It is the Great American
Public Striking against the strikes.

Wisdom in lending aid to the poor
does not give money, which encour-
ages idleness, but opportunity, which
makes for permanent improvement
of their condition.

Only fools break known physical
and moral laws. Wise men know
that Nature can not be cheated.

Most of the states can claim the
proud distinction of excelling in
something. Here is Kentucky first
in horses, New Jersey in mosquitos
and commuters, Michigan in flivvers,
Missouri in cob pipes, Kansas in
grasshoppers, Mississippi in freak
senators, and Georgia in nigger burn-
er.

On little things often hang the tide
of history. Cackling geese saved

Rome being sacked and burned, and
forty thousand little crossroads post-
offices may cost the Harding adminis-
tration a congress.

Among the feature article that will
appear in that issue of the Republi-
can I am going to get out in next
month the most prominent will be a
biography of Battle Nall.

TOBACCO BAN CANNOT BE ENFORCED

The Kansas state superintendent of
public instruction, Miss Lorraine
Wooster, issued a circular in which
she stated that schools and colleges
permitting the use of tobacco by
teachers and pupils would no longer
be accredited. According to Attor-
ney-General R. J. Hopkins there is
no legal authority to put this ruling
into effect.

FIGHT AND WEEP OVER MAN

In Newark, N. J., Mrs. Anna Capu-
cio, whose hubby, neighbors told the
police, had been seen in company sev-
eral times with Mrs. Maria de Salvo,
went after Mrs. Salvo with a revolver.
Mrs. Salvo got her revolver, and the
two women, 15 feet apart, fired at
each other. Neither shot "took" and
suddenly both women dropped their
weapons and began weeping. At the
station-house they were held on
charges of assault with intent to kill.

A PRODIGIOUS PRODIGY AT 11

Having skipped grammar school
and high school and already complet-
ed a college course, Miss Rosje Reeve,
of Chicago, who is only 11 years old,
will enter Columbia university law
school next fall.

WIN COMPLETE TICKET

In Des Moines, N. Dak., the fair sex
put a complete ticket in the political
race and beat the men two to one.
The town is now entirely run by wo-
men. Their offices include: justice
of the peace, marshal, clerk, assessor,
trustees and treasurer.

COURT SUSTAINS VERDICT

The New Jersey court of appeals
sustained the \$123,000 verdict
awarded the Republic of France
against the Erie railroad. The suit
grew out of the damage done by an
explosion to war munitions in 1916.

SIGNS WARRANT WITH TEETH

Signing a warrant with his teeth,
John Usile, of Washington, who lost
both arms when he was 15 years old,
charged his business associate with
taking his money. He told the po-
lice that his partner, refusing him
an accounting, turned him out of the
house and threw his clothes after
him. By selling cards signed by
holding the pen between his teeth
Usile says he averaged \$25 a day,
some days making as high as \$50.

TYPHOID FROM CHURCH SUPPER

After a supper given by the Grace
Lutheran church in Washington 44
guests were stricken with typhoid
fever. According to Health Officer
Fowler, much of the food was pre-
pared the previous day and not kept
on ice. Also two apparently healthy
typhoid carriers aided in the prepa-
ration of the supper. He suggested
that handling food as little as pos-
sible and with perfectly clean hands,
quick preparation and use of ice will
go far toward preventing similar in-
cidents.

DEER LEAPS INTO CAR

Blinded by the headlights, a deer
plunged through the windshield of
an auto driven by Carl Moberg near
Atlantic City. The man and his
wife both were cut by flying glass
and kicked by the frenzied animal.

NOTICE

All persons having claims against
the estate of W. F. Bean, deceased, or
Deilla Bean, deceased, will present
the same to me as the undersigned
Administrator of each of said estates
or to Barnes & Smith, Attorneys at
Law, of Hartford, Ky., properly pro-
ven, on or before Aug. 1, 1922, or the
same will be forever barred. Any
person indebted to either of the
above estates, either by note or ac-
count, will please come forward and
settle the same at once.

This June 14, 1922.

U. S. CARSON, Adm-
of W. F. Bean and Deilla Bean,
Deceased.

"Do you rent out rooms, Aunt Liz-
zie?"

"Why no, Willie. What makes
you ask?"

"Pa said you had rooms to rent in
your upper story."

NOTICE IN BANKRUPTCY

In the District Court of the Unit-
ed States, for the Western District
of Kentucky, in the Matter of Robert
William Quisenberry, Bankrupt in
Bankruptcy.

To the Creditors of Robert William
Quisenberry, of Olaton, in the County
of Ohio, and district aforesaid, bank-
rupt.

Notice is hereby given that on the
23rd day of June A. D., 1922, the
said Quisenberry was duly adjudic-
ated bankrupt, and that the first meet-
ing of creditors will be held at the
law office of E. S. Howard in Hartford
Kentucky, on the 21st day of July,
A. D., 1922, at 1 o'clock p. m., at
which time the said creditors may at-
tend, prove their claims, appoint a
trustee, examine the Bankrupt and
transact such other business as may
properly come before said meeting.
Petition filed June 22nd., 1922.

J. A. DEAN,
Referee in Bankruptcy.
Owensboro, Ky., July 5th, 1922.

JULY SALE!

THIS IS TO REMIND YOU
THAT ON

Saturday, July 8th

—OUR—

THE FAIR DEALERS

Phyto Sallie at all dealers.

Mr. W. C. Richards, (Frog Hollow) Fordsville, was a pleasant caller at this office, Monday.

666 Cures Malaria, Chills, Fever, Biliousness, Colic, and LaGrippe. 301201

Mr. Walter Norrington, of Huntington, Indiana, was the guest of friends in this city over the fourth.

Miss Albertine Gaddis, of Owensboro, is visiting her aunt, Mrs. E. L. Ashley and Mr. Ashley, city. She will also visit relatives in McHenry, before returning home.

Misses Annetta Mae and Virginia Reid, who have been the guests of their aunt, Mrs. R. H. Gillette and family, returned to their home in Rockport Wednesday.

Mrs. J. C. Westerfield, Hartford Route 6, Mrs. Rommie Helton, and little son, Ermel, of Sunnydale, were guests of Judge and Mrs. J. D. Holbrook, city, Wednesday.

STRAYED—Light Jersey Milch Cow, 7 years old, crumpled horns, one hip enlarged. Been gone 3 weeks. Reward.

REUBEN PHEGLEY, Simmons.

Mr. John Allen Wilson, who is employed with the I. C. R. R. Co., in Memphis, Tenn., spent Monday and Tuesday with his parents, Mr. and Mrs. Jno. B. Wilson, city.

Little Miss Emily Fair Riley, city, left Sunday morning for Chicago, Ill., where she will make an extended visit to her aunt, Mrs. Emma Fair Thomas, and daughter, Miss Evelyn.

Mr. and Mrs. Charles H. Tichenor, daughter Miss Eloise, and son, Stafford, of Glasgow, Ky., were the weekend guests of Mrs. Tichenor's father, Judge J. D. Holbrook and Mrs. Holbrook, city.

Mr. Barbour Williams, city, left Sunday morning for Milwaukee, Wis., where he entered the Milwaukee school for engineering. He was accompanied by his mother, Mrs. James H. Williams.

Messrs. Clarence Waters, Curtis Hedges, Misses Mabel, Pauline and Myrtle Ashley, of Evansville, Ind., motored over to this city, and spent the fourth with the Misses Ashley's parents, Mr. and Mrs. Elmore Ashley.

Mr. and Mrs. Coleman Edwin Wilson and children, Floyd and Helen, of Mattoon, Ill., spent from Saturday until Wednesday in this city, the guests of Mr. Wilson's sister, Mrs. Owen Brown and Mr. Brown.

Mr. and Mrs. John Cook, of Henderson, arrived in Hartford Sunday, where Mr. Cook is a regular operator at the local depot. Mr. and Mrs. Cook have taken rooms in the home of Mrs. Minnie Wedding, on North Clay street.

Mr. Chester Leach, city, who underwent an operation in a Kansas City hospital, some time ago, and has since been under treatment there, is reported as doing well. It is not known definitely as to when he will return.

Mr. Charles E. Ashby, of Nortonville, who was assigned to the local depot as operator, in the vacancy of Mrs. Berta Pedigo, who went from here to Sebring, has recently gone to Moorman, where he is employed in the depot at that place.

Messrs. Goebel Shultz and Andrew Webb, of Smiths Grove, Ky., were the weekend guests of Mr. Shultz's parents, Prof. and Mrs. Ozma Shultz, near town. They were accompanied home by Mr. Junior Shultz who will visit the Mammoth Cave.

Messrs. Herman Jackson, Escherriff; Jet W. Hines, County Clerk of Butler County and J. A. Hines, of Morgantown, were in Hartford Wednesday. County Clerk Hines brought the 1922, Butler County tax bills to the Republican office to have them bound in book form.

Little Miss Mary Virginia Elgin, R. F. D. 2, Montgomery, Ala., who has been visiting her grandparents, Rev. and Mrs. V. Elgin, Adairville, for the past week, will arrive in this city this afternoon to spend a week with her grandfather, Ex-Sheriff, Cal. P. Keown and other relatives.

Mr. and Mrs. Roy Barnhill, Mr. and Mrs. L. T. Riley, Mr. and Mrs. J. B. Tappan, Misses Thelma Bennett, Lella Glenn, Anna Rhea Carson, Martha Pate, Mildred Stevenson, city; Margaret Williamson, Centertown; Messrs. James Glenn, Robert Sidney Walker, Edward Duke, Virgil Crowe, Raymond Felix, Curtis Maple and Powell Tichenor spent the fourth at Sulphur Springs.

HOW MUCH DO STRIKES COST THE NATION?

Curious Figures Based on Department
Of Labor Statistics.

Washington, July 6.—Statistics issued by the Department of Labor show that strikes in this country average more than 3,300 per year. It is not contended by the department that its figures are accurate, since they depend upon newspaper and trade paper reports for the most part, but that they are under, rather than overstatements.

It is impossible truthfully to estimate the average cost of a strike since they vary so in duration, number of workmen affected and economic loss through whatever industry is wholly or partially shut down. But if the most conservative possible estimate be adopted, and it is considered that the average strike affects 100 workmen, and that the average strike lasts 10 days, the total arrived at is 3,300,000 working days lost per year. If the average cost to each workman is \$5 per day and the average loss to each industry does not exceed three times the loss to the workmen, then strikes cost this country some \$66,000,000 a year.

It is not believed that these figures are anything but suggestive. The average strike undoubtedly affects thousands, rather than hundreds, and for many more than ten days; few union laborers receive as little as \$5 a day, and, of course, the industry affected suffers out of all proportion to the workmen.

But, it is pointed out at the Capitol if it were true that only \$66,000,000 were wasted by strikes every year, that \$66,000,000 spent in proper channels on arbitration would undoubtedly stop most if not all the strikes!

It might be an economic measure to spend a part of it for accurate statistics of strike costs to the country; a little education on what it really costs to stop work might make people less willing to indulge in, or cause, strikes.

OLATON

Mr. A. W. May was in Fordsville Saturday, to see his mother, who is very ill.

Mr. Tom Daniel went to Narrows Saturday.

Mr. and Mrs. E. W. Duncan and little daughter, of Lewisburg, are visiting Mrs. Duncan's mother, Mrs. C. E. Daniel.

Mr. W. A. Daniel is at home, after several days visit at Dundee and Lewisburg.

Mrs. P. L. Wood and daughter, Miss Ama, spent last Tuesday with Mr. Ed Hunter, of Kronos, who is very ill.

Messrs. John Coleman, Rec Children and — Shull; Misses Salie Coleman and — Stum attended the ice cream supper, here last Saturday night.

"Everfast" colors last as long as the cloth itself

At last you can have for yourself and your children wash blouses, suits and dresses that will not fade, no matter how they are washed and worn.

We unreservedly guarantee that "Everfast" Suitsing is absolutely

FAST TO SOAP AND BOILING
FAST TO SUN AND WEATHER
FAST TO PERSPIRATION AND URIC ACID

FAST TO EVERYTHING IT ENCOUNTERS AS A DRESS, BLOUSE OR SUIT FABRIC.

We will promptly and cheerfully return your money not only for every yard of "Everfast" Suitsing which, for any reason, does not hold its color, but also THE COST OF MAKING THE GARMENT.

"Everfast" Suitsing has been rubbed and scrubbed with the strongest kinds of laundry soap, boiled in washing soda, and exposed for weeks to sun, wind, rain and salt air without losing color in the slightest degree.

"Everfast" Suitsing is piece-dyed by a special process. It is one yard wide—mercerized—and comes in all popular colors. The name "Everfast" is stamped every yard in the selvage.

Next time you are in the piece goods department, ask for a sample swatch of "Everfast." Take it home, test it in any way you like and prove to yourself that here at last is an absolutely fast-color wash fabric.

der is still standing over the mock grave.

CAKE 50 YEARS OLD

A chef in a Chicago cafe has a cake 50 years old. It was baked in 1872 for the wedding of his parents and was refrosted a few days ago for their golden wedding anniversary.

Doctor—You must take a complete rest. By the way, what's your occupation?

Patient—I'm an anarchist.

Doctor—Well, don't throw any more bombs for a month at least.—London "Punch."

Stranger—Are the writers here attentive to you, miss?

Pretty Cashier—Sir—r—r!

Stranger—Oh, no offense, miss—no offense, I assure you. I was merely carrying out the instructions printed on the bill of fare: "Please report any inattention of waiters to the cashier." I thought if they were inattentive to you I would report them, that's all.—Boston Transcript.

NEGRO FINDS MONEY

A Washington negro returned a wallet containing nearly \$4,000 which was lost by a runner of the American National bank and which he found. The finder was asked by the bank officials to report and receive the \$200 reward offered.

WILL MAKE WORLD LAUGH

Laying all trouble in the world to the fact that nations have not yet learned to laugh with each other, Mrs. Ada L. Grissom, English lecturer and authoress, whose pen name is Ada Ward, came to this country on a "mission"—to teach us how to laugh. Her maxim is "Look up—Cheer up—Buck up."

As a pleasant-faced woman passed the corner Jones' touched his hat to her and remarked feelingly to his companion: "Ah, my boy, I owe a great deal to that woman."

"Your mother?" was the query.

"No, my landlady."

Comedian—Poor old Harry got the bird properly last night. They hissed him right off the stage. Then I came on. The audience quieted down and listened to my first number with every attention. Then, just as I was giving 'em my patter, blowed if they didn't start hissing old Harry again.

DRAINAGE TAX NOTICES

W. C. KNOTT DRAINAGE DISTRICT

At a meeting of the Board of Drainage Commissioners of Ohio County, Kentucky, held in Hartford, Ky., on Thursday, June 1, 1922, at 10 o'clock, a. m., with all members present, it was ordered that an assessment or tax of TEN (10) PER CENTUM, based upon the original assessment for construction of said ditch, be made and levied against the lands and landowners located within the W. C. KNOTT, ET AL., DRAINAGE DISTRICT in Ohio County, Kentucky. Said assessment or tax hereby levied is for the purpose of cleaning out, repairing and maintaining said ditch and for the payment of any other legitimate expenses incurred.

The tax list and assessment roll have been placed in the hands of the County Treasurer, C. O. Hunter, to whom payment may be made on or before Monday, July 24, 1922, without additional cost. If said assessments are not paid within the time above specified, same will be placed in the hands of the Sheriff to be collected in the same manner as State and County taxes.

Witness our hands, this June 21, 1922.
BOARD OF DRAINAGE COMMISSIONERS OF OHIO COUNTY, KENTUCKY.

By S. T. BARNETT, President.
Attest: McDOWELL A. FOGLE, Sec'y.

R. B. MARTIN DRAINAGE DISTRICT

At a meeting of the Board of Drainage Commissioners of Ohio County, Kentucky, held in Hartford, Ky., on Thursday, June 1, 1922, at 10 o'clock, a. m., with all members present, it was ordered that an assessment or tax of TEN (10) PER CENTUM, based upon the original assessment for construction of said ditch, be made and levied against the lands and landowners located within the R. B. MARTIN, ET AL., DRAINAGE DISTRICT in Ohio County, Kentucky. Said assessment or tax hereby levied is for the purpose of cleaning out, repairing and maintaining said ditch and for the payment of any other legitimate expenses incurred.

By S. T. BARNETT, President.
Attest: McDOWELL A. FOGLE, Sec'y.

G. A. BARNES DRAINAGE DISTRICT

At a meeting of the Board of Drainage Commissioners of Ohio County, Kentucky, held in Hartford, Ky., on Thursday, June 1, 1922, at 10 o'clock, a. m., with all members present, it was ordered that an assessment or tax of FIVE (5) PER CENTUM, based upon the original assessment for construction of said ditch, be made and levied against the lands and landowners located within the G. A. BARNES, ET AL., DRAINAGE DISTRICT in Ohio County, Ky. Said assessment or tax hereby levied is for the purpose of cleaning out, repairing and maintaining said ditch and for the payment of any other legitimate expenses incurred.

The tax list and assessment roll have been placed in the hands of the County Treasurer, C. O. Hunter, to whom payment may be made on or before Monday, July 24, 1922, without additional cost. If said assessments are not paid within the time above specified, same will be placed

in the hands of the Sheriff to be collected in the same manner as State and County taxes.

Witness our hands, this June 21, 1922.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Halls Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Halls Catarrh Medicine. Circulars free. All Druggists.

It won't be long before Liv-Ver-Lax will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. None genuine without the likeness and signature of L. K. Grigsby. For sale by L. E. WILLIAMS, - Hartford, Mo.

FARM DEPARTMENT.

Twenty-nine States are now cooperating with the United States Department of Agriculture in estimating crops and live stock.

Only one crevasse has occurred in the Colorado River, which has been in flood for three or four weeks, having reached about 27 1/2 feet at Yuma the 10th of June. The break in the levee was at Blythe, in Riverside County, Calif., where the river overflowed several thousand acres. It is expected by the Weather Bureau of the United States Department of Agriculture that the river will fall from the 11th of June until the last snow melts and then rise slightly a little later on account of the melting of the snow at the highest elevations of the upper drainage area.

Hot bread is often thought to cause indigestion, but the United States Department of Agriculture says that when it does so it is because it lacks some of the characteristics of good bread, not because it is hot. Large or thick biscuits, whether raised with yeast, baking powder or soda, are likely, if cooked only a short time, to be soggy on the inside, and this, when it happens, is the objection to them, rather than the fact that they are served hot.

The broad-nosed grain weevil, which is prevalent in Florida and occasionally found in Georgia and South Carolina, can not attack whole grain or seed of a medium degree of hardness, according to the United States Department of Agriculture. The rice weevil, however, with which it is commonly associated, begins the attack, making it a simple matter for the weaker insect to reach the softer parts of the grain. Cracked, damaged, or soft seed is quickly infested by the broad-nosed grain weevil.

Keeping the Best Calves For Replacing Old Stock.

While calves from low-producing cows are saved to maintain the herds on some farms, on other farms and in other sections, where higher-producing cattle are kept, calves from 200-pound cows by purebred bulls are often vealed because no market is found for them as dairy stock. This is an economic waste which, according to reports received by the United States Department of Agriculture, the extension organization of Coos County, Oreg., is striving to eliminate.

About 30 calves from the best stock in Coos County were saved last year by arrangements made with farm bureaus of other counties to take them when two weeks old at \$12 a head, crated and delivered at the express office. Arrangements also were made recently for a representative of the Klamath County extension organization to spend 30 days locating new-born calves of good stock and finding a dairyman to feed them for two weeks before shipment to farmers in his own county.

The reports also say that calves 2 weeks old are shipped safely as far as 500 miles, or for 36 hours' travel; day-old calves can rarely be shipped.

Death Camus Poisonous to Cattle.

Death camas, of which there are four principal species in the range country of the West, although causing heaviest losses among sheep, are also poisonous to horses and cattle. Under range conditions cattle are seldom poisoned. Horses are frequently made sick, but deaths are rare. A few cases are known where persons have been fatally poisoned by the weed. Children have eaten the bulbs out of curiosity and adults have gathered the plant, mistaking it for the edible sago. The United States Department of Agriculture has not found a remedy for poisoning by death camas, but the deadly species are now recognized, and ranchers may safeguard their flocks.

Easy Way Of Ridding Rosebushes Of Sawfly Larvae.

The foliage of roses is very frequently attacked by sawfly larvae, which feed upon the leaves and cause the bushes to become unsightly and weakened, or at least much less beautiful and ornamental, says the United States Department of Agriculture. Three common species of sawfly larvae eat the leaves of roses and are found in many parts of the United States east of the Rocky Mountains. They are easy to control. Knocking them some distance from the bush with a stream of water is a simple remedy. Since they eat the leaf tissue, thoroughly spraying the leaves with a stomach poison, such as 3 rounded teaspoonsful of powdered arsenate of lead to 1 gallon of water whenever the larvae begins to appear will kill them and thus prevent the injury.

If only one generation of the insect occurs, as in the European rose

slug, a closer watch will have to be kept; but if there is more than one generation, as with the collared rose worm and the bristly rose slug, a closer watch will have to be kept upon the bushes and spraying done more often.

Stealing Traps May Lead To Heavy Fine or Prison.

Trap stealing interferes with the work against predatory animals carried on by the Biological Survey of the United States Department of Agriculture in the Northwest. Stealing Government property of any kind is a serious offense, for which a fine of \$5,000 may be imposed, or a sentence of five years in jail, or both. There are at present two offenders in the State of Washington who have been arrested on complaint of Biological Survey hunters, and who are under bond awaiting trial. Others under suspicion are being watched.

The offense of trap stealing, in addition to the fact that all Government property must be respected, is particularly serious, because it may undo weeks or months of careful work. Predatory animals destroy annually many thousands of dollars' worth of valuable live stock. They are difficult to catch, and the hunter may have spent a great deal of time following the tracks of a destructive wolf or coyote and may have set his trap at the very best point to intercept his prey, only to have it stolen. The intrinsic value of the steel trap or the pelt of the animal caught in it is a cash loss to the Government, and the potential loss of future live stock through setting a dangerous animal at liberty or interfering with its capture is impossible to estimate.

Potato Growers List Fields For Seed-Stock Inspection.

Probably as a result of the better price received last year for certified seed stock, Maine potato growers this year have listed more than 3,300 acres for inspection by representatives of the State department of agriculture. Many of these growers will be disappointed, however, because they have started with stock of no particular merit. Over a series of years an average of 47 per cent of the entries passed the seed-certification requirements, but this year the percentage will probably be lower. The mosaic standard has been raised. This year a field having as much as 5 per cent of mosaic disease is disqualified for producing certified seed. The best stock grown now is that from strains imported from the Canadian Provinces within the last few years.

Each harvest season approximately 200,000,000 pounds of binder twine is used in binding the small grain crops of the United States.

When the blanched kernels of peanuts from which the shells have been removed are used in making oil, the press cake can be ground into meal and used with wheat, corn, and similar starchy flours to make very palatable and nutritious cakes, gems and hot breads, says the United States Department of Agriculture.

CASTORIA

For Infants and Children
In Use For Over 30 Years
Always bears the Signature of *Dr. J. C. Hutchinson*

FIND ITALIAN KU KLUX KLAN

An investigation of the Ku Klux Klan at Venice revealed a secret organization known as "the Cavaliers of Death" made up of a violent class of the population including some fascists. Members were organized like an army and had a skull and crossbones for insignia. It was found they intimidated citizens and extorted bribes. A private prison was maintained with plenty of arms and munitions. Finding 130 names of members of the royal guards on the membership rolls caused a sensation. The men were dismissed from the service. Secret organizations have long held sway in Italy—levying blood-money on rich and poor, and keeping them in constant terror.

Summer Complaint in Children.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

MRS. BUTLER IS OVERJOYED AT HER RECOVERY

Declares Tanlac Gave Her Complete Relief After Everything Else Failed To Reach Her Case.

"I am overjoyed at the wonderful good Tanlac has done me after I had suffered five years," said Mrs. Mamie Butler, 1258 Taylor St., Richmond, Va.

"Indigestion troubled me so long I had little hope of seeing another well day. Nearly everything I ate soured on my stomach and I felt stuffy and nauseated. The pains around my heart were so dreadful and I felt so tight across the chest I thought I would suffocate. Black spots came before my eyes and I almost fell over. I was badly constipated and so run down that often I had to go to bed and stay several days.

"But now I am well and happy for Tanlac has fully restored me after everything else failed. I enjoy everything I eat, my nerves are steady and I get plenty of restful sleep. Tanlac deserves all my praise and thanks."

Tanlac is sold by all good druggists. —Adv.

PLENTY OF KNIFE-EATERS

There are at least 175 men in California who eat with their knives. Miss Frances Beauvais, 18 years old, of Boston, put a one-inch ad in a Los Angeles newspaper for a man "who eats with his knife." She received 175 proposals in a week.

In every home where there is a baby there should also be a bottle of McGEE'S BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 35c and 60c per bottle. Sold by Ohio County Drug Co.

JAPAN APPROVES

ALL ARMS PACTS

Tokio, July 1.—Approval by the Privy Council of all the treaties adopted by the Powers at Washington at the arms conference today had left the Prince Regent's signature the only formality remaining to place Japan's final seal upon the decision aimed at world peace.

While there has been some talk of the sovereign authorities of all the subscribing nations signing the treaties simultaneously Japan is unlikely to await this. The Regent is expected to sign the treaty before his departure July 6. He presided at the Privy Council meetings where the treaties were approved and naturally will follow the recommendation of his advisers, whom he entertained at luncheon after the final session.

Secretary Taketomi of the Foreign Office will take the treaties to Washington as soon as they are signed. There ratification will be exchanged.

Doing hard work in a bent or slooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of Ballard's Snow Liniment will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 60c and \$1.20 per bottle. Sold by The Ohio County Drug Co.

DRUG WHICH KILLS FEAR

A drink which kills fear has been discovered in the Amazon basin. It is called caapi and according to Dr. H. H. Rusby, dean of the Columbia University college of pharmacy, who claims to have discovered it while conducting a scientific expedition, the natives of Columbia administer it to their warriors on the eve of battle. Men going into battle after drinking caapi, it is said, fight with superhuman courage and afterward the drug produces a sleep filled with dreams of daring deeds.

Hubby—My dear, isn't that dress a trifle extreme?

Wife—This dress, darling? Why, I put this on merely that you may become accustomed to the one I am having made.—New Haven Register.

Cake-Eater (to druggist)—Will you give me something for my head? Druggist—I wouldn't take it as a gift.—Medley.

Mrs. Jameson—Do you believe that awful story they tell about her?

Mrs. Johnson—Of course I do! What is it.—Kasper (Stockholm.)

How were the wise men of the East directed to the birthplace of Jesus?—Matt. 2: 1-10.

What did the wise men of the East do when they beheld the young child?—Matt. 2: 11.

What testimony did John the Baptist give concerning Jesus?—Matt. 3: 11-12.

What happened immediately after Jesus was baptized of John in the Jordan?—Matt. 3: 16-17.

What weapon did Jesus use to defeat Satan in the Temptation?—Matt. 4: 4, 7, 10.

How did Jesus begin his great "Sermon on the Mount"?—Matt. 5: 3, 11.

What directions did Jesus give concerning the giving of alms?—Matt. 6: 1-4.

Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

JAPANESE INSECT FOUND IN CONNECTICUT NURSERY

The Bureau of Entomology of the United States Department of Agriculture has been interested to find an oriental beetle, which is ordinarily a sugarcane pest, apparently established in a Connecticut nursery where miscellaneous flower and fruit stock is grown. Specimens have been collected in the nursery for two successive years. The insect seems to be doing no damage, and there is no reason for any concern over its presence. It has been identified as Anomala orientalis Water, an insect which gave a great deal of trouble in Hawaii about 10 years ago. It is a native of Japan, and was probably introduced into Hawaii in soil on the

roots of plants about 1908. At that time it attacked sugar cane severely. The pest infested only a small area, but was extremely destructive. An organization of Hawaiian sugar planters obtained parasites from Japan in 1912 and controlled the infestation very successfully within the next seven years. The parasite has extended its diet in Hawaii to include the ordinary Japanese beetle of Hawaii as well as the Anomala.

VICKSBURG BLUE LAW STOPS SUNDAY PAPER

Vicksburg, Miss., July 1.—Blue will be the prevailing color in Vicksburg tomorrow with the lid clamped to night on Sunday baseball, movies, poolrooms and the newspaper plant.

The Daily Herald will not appear as usual as the business manager was notified that if his men were found working on the Sunday morning edition after midnight they would be arrested. As a result the newspaper employees will quit work at 11:55 p. m. and allow the edition to remain incomplete until Monday at 12:01 a. m., at which time work will be resumed and the "Sunday" morning paper will be completed and published Monday morning.

The blue law move is the outgrowth of a mass-meeting of 235 men and women at which a petition was signed asking the city council to suppress "Sunday amusement places, hootleggers, gamblers and disorderly houses."

ITALIANS ROUT REBELS

Arab rebels in the Italian colony in Tripolitania met with a severe reverse at the hands of the Italian garrison. The latter captured the rebel outpost at Glosa and checked an uprising.

Johnny hated his early bedtime. In the course of one of the nightly arguments his mother told him how all the little chicks went to sleep with the sun. For the moment he was silent, then he piped up: "But the old hen goes to bed with them, you know, mamma!"

The extra half hour was conceded. —Country Gentleman.

POPE'S RABBI FRIEND

Among the friends of Pope Pius XI is Alexander di Fano, chief rabbi of Milan. The friendship began years ago when the young priest sought tuition from the rabbi. The rabbi says the pope was his favorite scholar and moreover is now one of the foremost scholars of Hebrew in the Old World and the greatest mas-

ter of Hebrew lore and language to occupy the papal throne.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.

COOPER BRO.'S
